JEFFREY EPSTEIN FOUND DEAD IN JAIL CELL DESPITE BEING ON 24/7 SUICIDE WATCH

Documents revealed Epstein had procured girls for “powerful men”.

Paul Joseph Watson | Infowars.com - AUGUST 10, 2019 199 Comments

Jeffrey Epstein has been found dead in his jail cell despite being on 24/7 suicide watch, potentially protecting the “powerful men” for whom he procured girls from their complicity in Epstein’s crimes being revealed.

According to officials, Epstein was found dead in his New York jail cell at 7:30am this morning.

The accused sex trafficker’s demise now means that innumerable powerful people allegedly complicit in his crimes, including Bill Clinton, may now be protected from scrutiny.

Jeffrey Epstein Found Dead

Documents released earlier this week featured alleged trafficking victim Virginia Giuffre naming, “Numerous prominent American politicians, powerful business executives, foreign presidents, a well-known Prime Minister,” as being involved in the scandal.

Among the trove of more than a dozen, there is the formerly-sealed 76-page ruling in the case Giuffre v. Maxwell, the case brought by one of Epstein's accusers interviewed in @JKJournalist's watershed series "Perversion of Justice."

@KlasfeldReports

From that ruling:

"Giuffre also alleged she was 'forced' to have sex with Dershowitz, 'model scout' Jean Luc Brunel, and 'many other powerful men, inc. numerous prominent American politicians, powerful business executives, foreign presidents, a well-known Prime Minister..."

12. In the joinder motion, Giuffre also alleged she was "forced" to have sex with Dershowitz, "model scout" Jean Luc Brunel, and "many other powerful men, including numerous prominent American politicians, powerful business executives,

foreign presidents, a well-known Prime Minister, and other world leaders." CVRA Joinder Mot. at 5-6.

Epstein's alleged suicide follows an incident three weeks ago where the billionaire was found with injuries to his neck in what was reported as an "assault".

Given what happened, for Epstein not to have been on 24/7 suicide watch, with all objects that could have been used to hang himself such as blankets and shoelaces removed, is unthinkable.

Indeed, USA Today [confirms](#) that Epstein "had been on suicide watch."

A former federal prison guard told us that the "suicide" is highly unusual because guards have to check every 15 minutes to ensure a prisoner is safe.

As Will Chamberlain notes, CCTV and lights have to be on at all times to ensure that a prisoner does not try to kill himself.

Guess the guards just happened to be looking away from the cctv for an hour or so

The *New York Times* stated that the prison is often referred to as the "White Shirt" because of the color of the uniforms worn by the inmates. The *New York Times* also stated that its administrative segregation unit is the most secure in the country. Inmates who are in administrative segregation are housed in single-man cells 23 hours a day with lights and CCTV. They are only visited by a "white shirt" (Sergeant or Lieutenant), never by family or friends. Inmates who violate prison rules; new arrivals; and inmates in Protective Custody (PC).
